Language Level

- No change to your English
- Your English goes up a level
- Your English goes up a level
(but the grammar disappears)
- You become very fluent, but start mixing
English with your own language
- You discover you can sing in English,
and are brilliant at karaoke
- You suddenly know lots of taboo words in English
(fortunately, no-one else seems to understand them)
- You can't speak English at all
(and also forget your own language)
- You start speaking American English
